

116TH CONGRESS  
2D SESSION

# H. R. 6217

To authorize the establishment of HOPE Account Pilot Projects, HOPE Action Plans Pilot Projects, and competitive grants for pilot projects.

---

## IN THE HOUSE OF REPRESENTATIVES

MARCH 12, 2020

Mr. MORELLE (for himself and Mr. MCGOVERN) introduced the following bill; which was referred to the Committee on Financial Services, and in addition to the Committees on Energy and Commerce, Agriculture, Education and Labor, Ways and Means, and the Judiciary, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

---

## A BILL

To authorize the establishment of HOPE Account Pilot Projects, HOPE Action Plans Pilot Projects, and competitive grants for pilot projects.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Health, Opportunity,  
5 and Personal Empowerment Act of 2020” or “HOPE Act  
6 of 2020”.

7 **SEC. 2. FINDINGS.**

8 The Congress finds the following:

1           (1) In 2018, according to the Department of  
2           Agriculture, 37,200,000 individuals in the United  
3           States (including 11,100,000 children) lived in food  
4           insecure households. That equals 1 in 9 individuals  
5           and 1 in 7 children.

6           (2) In 2017, according to the Bureau of the  
7           Census, 38,100,000 individuals (including  
8           13,200,000 children) lived below the Federal poverty  
9           line. The majority of these individuals living in pov-  
10          erty were working people, children, older individuals,  
11          and individuals with disabilities.

12          (3) Many low-income individuals work multiple  
13          jobs and, contrary to common misconceptions, if un-  
14          employed, they spend a great deal of time looking  
15          for work. They often travel by public transportation,  
16          laboriously making multiple connections to shuttle  
17          between home, work, social service agencies, houses  
18          of worship, and grocery stores. For those living in  
19          rural and suburban areas far from work and without  
20          adequate public transportation they rely upon vehi-  
21          cles to get to work, but these are often less reliable  
22          secondhand vehicles, that often break down. From  
23          traveling greater distances between available jobs  
24          and livable areas with affordable housing options,  
25          seeking out scarce childcare options that fit a tight

1 budget and a constrained travel schedule, and caring  
2 for elderly parents or grandparents because a senior  
3 living facility is not financially realistic, low-income  
4 individuals have little spare time.

5 (4) While government safety net programs help  
6 tens of million of individuals avoid starvation, home-  
7 lessness, and other outcomes even more dreadful  
8 than everyday poverty, there are significant obstacles  
9 that those seeking and maintaining government as-  
10 sistance face for as long as they are eligible. Quali-  
11 fied applicants are often required to travel signifi-  
12 cant distances to multiple government offices, pre-  
13 paring and submitting piles of nearly identical pa-  
14 perwork to access the different government assist-  
15 ance programs. Even when the application process  
16 begins online, the eligible applicant is typically still  
17 required to physically follow up with each govern-  
18 ment office with physical copies, for near identical  
19 meetings. As a result, many low-income people are  
20 actually unaware of all the government benefits for  
21 which they are eligible, reducing the amount of help  
22 going to individuals in need by tens of billions of  
23 dollars every year. The lines in these offices can  
24 seem endless, and sometimes clients need to wait  
25 outside, for hours, in the worst kinds of weather.

1 Many offices don't have weekend or night hours, so  
2 an applicant is at risk of losing wages when often  
3 their only option is to apply for government help  
4 during work hours.

5 (5) Each year, many vital government programs  
6 go underutilized because eligible beneficiaries are  
7 hindered by obtrusive, time consuming, and repet-  
8 itive application barriers. In 2015, according to the  
9 Department of Agriculture, 15 percent of all people  
10 eligible for supplemental nutrition assistance pro-  
11 gram (SNAP), 25 percent of the "working poor" eli-  
12 gible for SNAP, and 55 percent of seniors over 60  
13 who were eligible failed to receive it.

14 (6) The United States has hundreds of thou-  
15 sands of nonprofit groups providing high quality and  
16 much needed social services, but it is nearly impos-  
17 sible for struggling people to determine which of  
18 those organizations provides services they need,  
19 whether the organization is conveniently located, and  
20 for which services they are eligible. If they do deter-  
21 mine that a nonprofit (or multiple nonprofits) could  
22 help, they need to take yet more time to visit each  
23 one.

24 (7) Since many government and nonprofit pro-  
25 grams require frequent reapplications and recertifi-

1 cations, a low-income person often has to repeat the  
2 same endless and frustrating process.

3 (8) Technology has fundamentally revamped the  
4 lives of most individuals, usually for the better. Ac-  
5 cording to the Pew Research Center, 64 percent of  
6 low-income individuals have a smart phone as of  
7 2016 (not because a smart phone is a luxury but be-  
8 cause it is an essential tool of learning and work in  
9 modern America) but they rarely can use these de-  
10 vices to apply for benefits. Digital technology, com-  
11 bined with policy improvements, can simplify the  
12 lives and boost the long-term self-sufficiency of our  
13 lowest income residents.

14 **SEC. 3. DEFINITIONS.**

15 (1) SECRETARIES.—The term “Secretaries”  
16 means the Secretary of Health and Human Services,  
17 the Secretary of Agriculture, and the Secretary of  
18 Housing and Urban Development, acting collabo-  
19 ratively.

20 (2) ELIGIBLE ENTITY.—The term “eligible pilot  
21 community” means a State, unit of general purpose  
22 local government, Tribal government, or an entity  
23 that represents a smaller geographical area therein  
24 (including a neighborhood).

1           (3) TARGET POPULATION.—The term “target  
2           population” includes an individual or household  
3           that—

4                   (A) earns an income below 200 percent of  
5           the Federal poverty line,

6                   (B) suffers from food insecurity,

7                   (C) earns insufficient income to ensure  
8           food security or economic security,

9                   (D) lives in a rural, suburban, or urban  
10          community that suffers from poverty, hunger,  
11          or food insecurity,

12                  (E) is homeless,

13                  (F) receives (or recently received) assist-  
14          ance under a State program funded under part  
15          A of title IV of the Social Security Act (42  
16          U.S.C. et seq.), relating to temporary assistance  
17          to needy families,

18                  (G) is eligible for benefits under any Fed-  
19          eral nutrition assistance program or Federal  
20          antipoverty program, or

21                  (H) is formerly a youth in transition from  
22          foster care or the juvenile detention facilities.

23           (4) PARTNER NONPROFIT ORGANIZATION.—The  
24           term “partner nonprofit organization” means any  
25           national, regional, State, or local nonprofit group de-

1 scribed in section 501(c)(3) of the Internal Revenue  
2 Code of 1986 and exempt from tax under section  
3 501(a) of such Code.

4 **SEC. 4. HOPE ACCOUNTS PILOT PROJECTS.**

5 (a) PILOT PROJECTS AUTHORIZED.—The Secretaries  
6 shall allow eligible entities that apply to do so—based on  
7 an application to be created by the Secretaries—to carry  
8 out HOPE (Health, Opportunity, and Personal Empower-  
9 ment) Accounts Pilot Projects (in this section referred to  
10 as Projects) to enable target populations of individuals to  
11 establish through banks, credit unions, and any govern-  
12 mental or Tribal agencies HOPE accounts that enable  
13 such individuals—

14 (1) to have their paychecks deposited directly in  
15 such accounts,

16 (2) to use such accounts to increase savings  
17 that would be matched with funds provided by gov-  
18 ernment and private sources, including individual de-  
19 velopment accounts,

20 (3) to use an account app on a smart phone to  
21 easily locate and sign-up for job training and place-  
22 ment services online,

23 (4) to enable such individuals to use any smart  
24 phone, tablet, or computer—

1 (A) to learn about the public and philan-  
2 thropic programs that provide benefits to such  
3 individuals, including aid to improve health, nu-  
4 trition, job training and placement, housing, in-  
5 come and to receive Federal and State tax cred-  
6 its, and

7 (B) to apply for, submit eligibility docu-  
8 ments for, enroll in, and manage the use of  
9 such benefits at once through the convenience  
10 of their device if individuals or their households  
11 are eligible for 1 or more of such benefits,

12 (5) to receive a basic smart phone, tablet, or  
13 computer, along with a subsidized internet Wi-Fi ac-  
14 cess plan, if such individuals do not own a smart  
15 phone, tablet, or computer,

16 (6) to obtain the access and information de-  
17 scribed in paragraph (4) with assistance at libraries,  
18 government offices, or nonprofit agencies if such in-  
19 dividuals are uncomfortable using internet tech-  
20 nology themselves,

21 (7) to obtain access to the information de-  
22 scribed in paragraph (4), with the assistance of gov-  
23 ernment or nonprofit employees, AmeriCorps na-  
24 tional service participants, or Senior Corps members,

1 to receive home visits if such individuals are elderly  
2 or disabled,

3 (8) to access health care information that speci-  
4 fies medical benefits, and any out-of-pocket costs,  
5 for each of the health plans for which such individ-  
6 uals may be eligible, and to empower them to easily  
7 select the plan that works best for them,

8 (9) enable such individuals to file directly (and  
9 without expending funds to obtain third-party tax  
10 filing services) to obtain Federal tax credits and re-  
11 funds, and in States and localities with their own  
12 supplemental tax credits, to simultaneously file for  
13 those,

14 (10) to deposit cash in the account that is set  
15 aside for education, job training, starting a business,  
16 or buying a home and that would be nontaxable,

17 (11) to easily access and monitor, in 1 central  
18 online account—

19 (A) to be able to check the status,  
20 amounts, and recertification deadlines for some  
21 or all their benefits and savings, and

22 (B) to pay all bills online, saving high  
23 check cashing fees and enormous amounts of  
24 time,

1           (12) to budget their resources by using real-  
2           time cash flow data and long-term financial planning  
3           data, including calculating how much they would  
4           lose in interest on credit cards versus how much  
5           they would gain in interest by saving more,

6           (13) to access calendar and scheduling func-  
7           tions that enable them to keep track of all job  
8           search, work, family, and school obligations, as well  
9           as any social service filing or appointment dates,

10          (14) to be protected by security and privacy  
11          systems so that only such individuals, and not the  
12          government, nonprofit, or banking partners would be  
13          able to see or track private financial and appoint-  
14          ment information, and

15          (15) notwithstanding other provisions of law, to  
16          allow program applicants to easily and clearly au-  
17          thorize their sharing of personal and financial infor-  
18          mation with multiple government agencies, solely for  
19          the purpose of those government agencies enabling  
20          those to apply for and utilize government benefits.

21          (b) FISCAL YEARS.—Pilot projects authorized by  
22          subsection (a) shall be carried out for a 1-year period in  
23          each of the fiscal years 2020 through 2025.

1 **SEC. 5. HOPE ACTION PLANS PILOT PROJECTS.**

2 (a) PILOT PROJECTS AUTHORIZED.—The Secretaries  
3 shall allow eligible entities that apply to do so—based on  
4 an application to be created by the Secretaries—to carry  
5 out HOPE Action Plans Pilot Projects to enable target  
6 populations of individuals to partner with government and  
7 nonprofit organizations by entering into voluntary agree-  
8 ments to carry out long-term HOPE action plans that—

9 (1) specify exactly how the parties to such plans  
10 will help such individuals and their families earn,  
11 learn, and save better in order to ensure greater eco-  
12 nomic opportunity for themselves and their children  
13 by working together in a long-term, positive relation-  
14 ship for the purpose of ensuring upward mobility,

15 (2) could empower such individuals and their  
16 families to better organize their time and focus their  
17 activities on productive endeavors while providing  
18 them extra resources to do so,

19 (3) could be short-term, over just a year or 2,  
20 and aimed at helping families achieve very basic  
21 goals, such as avoiding homelessness and hunger,

22 (4) could be long-term with far more ambitious  
23 goals for upward mobility, and

24 (5) would require that participating individuals  
25 and families, government entities, and nonprofit

1 partners have equal rights to hold each other ac-  
2 countable for plan outcomes and funding.

3 (b) FISCAL YEARS.—Pilot projects authorized by  
4 subsection (a) shall be carried out in each of the fiscal  
5 years 2020 through 2025.

6 **SEC. 6. COMPETITIVE GRANTS FOR PILOT PROJECTS.**

7 (a) APPLICATION FOR GRANT.—The Secretaries shall  
8 each create grant application processes to competitively  
9 make grants to eligible entities to aid target populations.  
10 To be eligible to receive a grant for a fiscal year under  
11 this section, eligible entities shall submit to the appro-  
12 priate Secretary an application that contains a description  
13 of how the applicant proposes to use the grant funds to  
14 implement the components of the pilot projects authorized  
15 by this section. Applications shall be submitted in such  
16 form, at such time, and containing such other information  
17 as the Secretaries may require.

18 (b) FORM OF GRANTS.—If a Secretary finds it appro-  
19 priate, the Secretary may use cooperative agreements, as  
20 described in section 6305 of title 31, United States Code,  
21 for purposes of making grants under this section.

22 (c) AMOUNT OF GRANT.—Grants made under this  
23 section shall range in amounts from \$250,000 to  
24 \$3,000,000, and should be proportionate to the geo-  
25 graphical size, project complexity, and number of individ-

1 uals participating in each project. Eligible entities may re-  
2 ceive grants made under this section by 2 or more of the  
3 Secretaries. To the extent funds are available, each Sec-  
4 retary shall make not fewer than 8 such grants annually.

5 (d) DISTRIBUTION OF GRANTS.—To the extent prac-  
6 ticable, the Secretaries shall make grants for pilot projects  
7 that operate statewide, as well as pilot projects designed  
8 to serve specific rural, urban, and suburban areas. To the  
9 extent practicable, pilot projects for which grants are  
10 made shall be distributed among diverse administrative re-  
11 gions of Department of Housing and Urban Development,  
12 the Department of Health and Human Services, and the  
13 Department of Agriculture.

14 (e) PREFERENCE.—For purposes of making grants  
15 under this section, preference shall be given for pilot  
16 projects that—

17 (1) serve individuals in historically under-  
18 served, high-poverty, rural and urban communities,

19 (2) simultaneously test both HOPE Accounts  
20 and HOPE Action Plans,

21 (3) involve low-income individuals as equal part-  
22 ners in project planning and implementation,

23 (4) make additional funds available directly to  
24 low-income households through action plans, either

1 through government payments or through nonprofit  
2 subgrantees,

3 (5) are matched by considerable non-Federal  
4 funds without penalizing very-low income, under-  
5 served rural and urban communities that cannot  
6 provide non-Federal matching funds,

7 (6) propose concrete plans for long-term sus-  
8 tainability and expansions without future Federal  
9 grant funds,

10 (7) assist low-income households to apply for  
11 the Federal earned income tax credits and State tax  
12 credits,

13 (8) provide resources in both English and addi-  
14 tional languages commonly spoken in that jurisdic-  
15 tion,

16 (9) prioritize client-facing, fully tested, tech-  
17 nology and mobile device applications,

18 (10) include a robust monitoring and evaluation  
19 planning and reporting plan, including proposed  
20 staffing and reporting for that plan, including re-  
21 porting on the extent to which the pilot makes it  
22 easier, quicker, and less costly for low-income Ameri-  
23 cans to access a variety of benefits, the extent to  
24 which the pilot will save administrative funds over  
25 the long-run, the extent to which the accuracy and

1 integrity of the benefits programs included are main-  
2 tained or improved, and the extent to which low-in-  
3 come households are able to more easily obtain free  
4 or low-cost banking services,

5 (11) subcontract part of the pilot project imple-  
6 mentation work to United States-based private busi-  
7 nesses, banks, savings and loans, credit unions, co-  
8 ops and section 501(c)(3) nonprofit organizations  
9 with relevant, successful experience in similar or re-  
10 lated project activities,

11 (12) incorporate a benefits calculator to enable  
12 applicants to learn how the receipt of some benefits  
13 might or might not impact whether they are eligible  
14 for other benefits and might impact the amount of  
15 those other benefits for which they are eligible,

16 (13) include planning and funding for the pilot  
17 entities to train their staffs and clients to utilize the  
18 new technologies,

19 (14) in rural and other areas without strong  
20 broad-band service, integrate activities under this  
21 grant with other activities to strengthen local-broad  
22 band service,

23 (15) enable low-income Americans to obtain  
24 free or reduced price smart phones and free or re-  
25 duced-price data services,

1           (16) ensure that people without personal smart  
2 phone, tablet, or computer access are able to benefit  
3 from the systems and technological improvements in  
4 the pilot projects at public locations such as public  
5 libraries, community centers, and social service of-  
6 fices,

7           (17) propose a detailed, workable plan to thor-  
8 oughly beta test and field test any new technologies  
9 or systems in this pilot before making them available  
10 to all households, individuals, or the entire pilot  
11 area, and

12           (18) identify the applicable Federal, State,  
13 local, or Tribal statutory and regulatory authorities,  
14 including waiver authorities, to be potentially lever-  
15 aged to most effectively implement the proposed  
16 pilot project.

17 **SEC. 7. HOPE TECHNOLOGY INNOVATION CONTRACTS.**

18           (a) **AUTHORITY.**—The Secretary of Health and  
19 Human Services, in consultation with the Secretary of Ag-  
20 riculture and the Secretary of Housing and Urban Devel-  
21 opment, shall hold a merit-based competition to award  
22 HOPE Technology Innovation Contracts to United States-  
23 based private businesses and section 501(c)(3) nonprofit  
24 organizations with relevant, successful experience in tech-

1 nology, to create technology apps, widgets, and templates  
2 that pilot entities can use to create HOPE accounts.

3 (b) NUMBER OF CONTRACTS.—The Secretary will  
4 award no more than 10 and not fewer than 2 such con-  
5 tracts each fiscal year.

6 (c) SIZE OF CONTRACTS.—Contracts may range in  
7 size from \$200,000 to \$4,500,000.

8 (d) AVAILABILITY TO THE PUBLIC.—All technologies  
9 developed with these funds will be open-sourced and avail-  
10 able to the public for free.

11 (e) HOUSEHOLD DATA.—No contractor should have  
12 access to any client or household data through this project,  
13 except in cases they are also contractors or subgrantees  
14 for pilot entities, in which case they would have limited,  
15 functional access to such data. In no case shall a con-  
16 tractor share or sell client or household data.

17 (f) PREFERENCES.—Preferences should be given to  
18 contracts that ensure the following:

19 (1) Client facing technology with top pref-  
20 erences mobile device applications and uses and sec-  
21 ondary preferences to tablet and computer and  
22 texting uses.

23 (2) Incorporate fail-safe systems to maintain  
24 the privacy and security of data.

1           (3) Are easily adaptable at the lowest possible  
2 financial costs with the least possible staff time by  
3 pilot entities and other State, county, city, munic-  
4 ipal, and Tribal governments in a manner that can  
5 easily be utilized by low-income Americans.

6           (4) Build in the ability to be easily updated as  
7 technologies evolve.

8 **SEC. 8. MAINTENANCE OF EFFORT AND NONDISPLACE-**  
9 **MENT OF WORKERS.**

10         None of the pilot projects carried out under this Act  
11 shall do any of the following:

12           (1) Decrease the overall monetary value of Fed-  
13 eral, State, local, or Tribal government funding as-  
14 sistance given to any individual or family, although  
15 all entities involved could independently, or jointly,  
16 increase funding under such projects.

17           (2) Decrease the overall Federal, State, local, or  
18 Tribal government funding for antipoverty programs  
19 spent by participating pilot communities and agen-  
20 cies, although all entities involved may independ-  
21 ently, or jointly, increase funding.

22           (3) Lengthen the amount of time or increase  
23 the requirements necessary to receive any govern-  
24 ment benefits, or in any way make it more difficult  
25 to obtain any form of government assistance.

1           (4) Limit the legal rights of anyone in the tar-  
2           get populations to receive government or nonprofit  
3           assistance.

4           (5) Decrease overall public sector employment  
5           in any eligible pilot community, but public employees  
6           could be transferred at similar or higher salaries and  
7           pay grades from positions that oversee paperwork to  
8           positions that provide direct services to the public,  
9           assuming such transfers do not violate collective bar-  
10          raining agreements or their other rights as public  
11          employees.

12          (6) Decrease or increase work requirements for  
13          existing government programs.

14          (7) Reduce program integrity measures or in-  
15          crease the possibility of fraud in any government  
16          program.

17          (8) Track or monitor the physical location or  
18          immigration status of immigrants, be used for any  
19          immigration enforcement activity against any indi-  
20          viduals, or be used to provide any data whatsoever  
21          to agencies involved in immigration enforcement ac-  
22          tivities or policy.

23          (9) Enable any pilot entity or contractor, sub-  
24          contractor, or partner of any pilot entity to share or

1 sell client or household data obtained through those  
2 projects.

3 (10) Eliminate the existing ability of applicants  
4 to apply for, recertify, or manage government bene-  
5 fits by physically visiting a government office.

6 **SEC. 9. ANNUAL REPORTS TO CONGRESS.**

7 (a) REPORT.—Not later than September 30 of each  
8 of fiscal years 2020 through 2026, the Secretaries shall  
9 submit to Congress a report on the results of pilot projects  
10 carried out under this Act.

11 (b) CONTENTS OF REPORT.—The report should in-  
12 clude detailed data on the extent to which the pilot makes  
13 it easier, quicker, and less costly for low-income Americans  
14 to access a variety of benefits, the extent to which the pilot  
15 will save administrative funds over the long-run, the extent  
16 to which the accuracy and integrity of the benefits pro-  
17 grams included are maintained or improved, and the ex-  
18 tent to which low-income households are able to more eas-  
19 ily obtain free or low-cost banking services.

20 **SEC. 10. AUTHORIZATION OF APPROPRIATIONS; TECH-**  
21 **NICAL ASSISTANCE AUTHORIZED.**

22 (a) AUTHORIZATION OF APPROPRIATIONS.—There is  
23 authorized to be appropriated to carry out this Act for  
24 each of the fiscal years 2020 through 2025—

1           (1) \$10,000,000 to the Secretary of Housing  
2           and Urban Development, of which \$500,000 shall be  
3           used internally by the Department of Housing and  
4           Urban Development for staff and other expenses to  
5           plan, award, and oversee pilot projects under this  
6           Act and \$9,500,000 shall be available for grants
